TO OUR CUSTOMERS:

Thank you for using GOLEADER camping set. Our mission is to design and manufacture the finest products with materials of the highest quality and production process in order to meet your demands. You can visit our website for other fine GOLEADER products.

WARNING:

1. The camping bed should be assembled and disassembled by adults only.
2. Children should be supervised at all times.
3. Do not install or use the camping bed under adverse weather conditions such as rain, hail, sleet, snow, drizzle, lightning, strong wind, etc.
4. Place the camping bed on a solid and level ground.
5. Keep away from fire and heat sources.
6. To avoid finger entrapment, assemble and disassemble the camping bed carefully.
7. The camping bed is designed for a maximum load of 225 lbs (102 kg) . Do not overload.
8. Do not jump on the camping bed. This is not a trampoline.
9. Make sure the camping bed is dry before storing in a safe place indoors.

**TO AVOID PROPERTY DAMAGE OR SERIOUS INJURY,
FOLLOW ALL THESE INSTRUCTIONS.**

ASSEMBLY INSTRUCTIONS:

WARNING: Be careful during the assembly process, or you may get hurt.

Camping Bed Assembly (To apply:71001;71002;71101;71102;71103;71108)

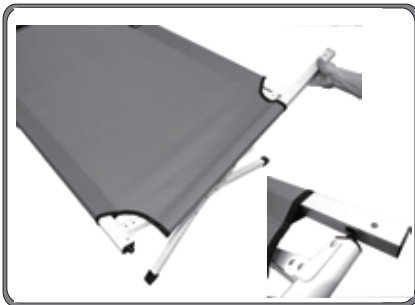

1. Unfasten the velcro straps and put the two bars aside.

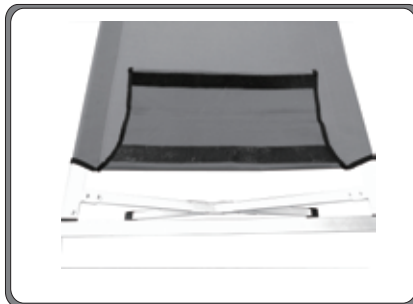

2. Unfold the legs of the camping bed and stand them on a solid & level ground.

3. Expand the legs.

4. Insert the bar into one end of the bed sheet and follow the picture to assemble.

5. Follow the picture to assemble another end of the bar as step 4.

6. Then adhibit the velcro round the bar.

Air Bed Assembly (To apply: 71101;71102;71103;71107)

1. Spread out the airbed on the camping bed. Then inflate the airbed with a hand pump.
NOTE: Do not over inflate.

2. Coat the airbed with the cushion cover and fasten the velcro straps.

3. Turn over the airbed and secure the airbed to the camping bed with the buckles fixed on the sides of the cushion cover and the camping bed.

Sleeping Bag Assembly (To apply:71101;71102;71107)

Spread out the sleeping bag and secure it by the velcros fixed on the sides of the cushion cover through the straps on the sleeping bag.

Pillow Assembly (To apply:71101;71102;71103;71107)

1. Inflate the pillow.
NOTE: Do not over inflate.

2. Put the pillow into the pillowcase.

Tent Assembly (To apply:71102;71108)
