This light set is constructed with non-replaceable bulbs. DO NOT attempt to replace any of the bulbs in the light set.

Shaping the Tree Branches
The branches need to be expanded manually and take some time to get the final effect of the picture

Input voltage	120	V
Input AC frequency	50/60	Hz
Output voltage	4.5	V
Output current	1.333	A
Output power	6	W
Average active efficiency		%
Efficiency at low load (10 %)		%
No-load power consumption		W

Remote control button	Function description
ON/OFF	ON/OFF
PAUSE	Fixed color / cycle switching color (if Auto mode is pressed, cycle within the current function)
AUTO	7 function cycle
SPEED	Adjustment speed (three gears in total, the fastest speed by default when the power is turned on)
FADE	Monochromatic colors gradually brighten or darken
JUMP	Single color flashing
ASYN FADE	Transition fade
ASYN JUMP	Random twinkle
TWINKLE	White twinkle
STROBE	Two color strobe light
IN WAVES	Single color Light up like waves
4H	4/20 hour cycle timing
6H	6/18 hour cycle timing
8H	8/16 hour cycle timing
TIMER OFF	TIMER OFF

Note: there are also 17 color keys. Press the color key to enter the corresponding static color. The color key includes five colors, red green white and red blue white

Timing related: when the timing is off, only the on /4h/6h/8h/timer off key is valid, in which the timer off key will cancel the timing, and the rest keys will restart the timing
Monochromatic sequence: red green blue yellow purple cyan white colorful red green white red blue white
Two color sequence: green red white blue purple yellow blue red green blue purple
Transition gradient color sequence: colorful red, red, green, green, blue, blue, white and white

50% brightness for all functions
Remember the current function when the remote control is turned off, and keep the last function when the remote control is turned on
