ASSEMBLY & INSTRUCTION MANUAL

1

Take out the mattress from the box and position on the chosen bed frame.

2

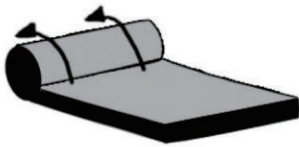

Carefully cut only the outer PE bag with the opener tool provided. Please be careful not to puncture the inner vacuum wrapping.

USE CAUTION AS THE MATTRESS CAN UNROLL VERY QUICKLY ESPECIALLY IF THE SEALED INNER VACUUM BAG IS PUNCTURED. PLEASE STAND AT THE END OF THE ROLLED MATTRESS AT ALL TIME WHILE OPENING TO AVOID INJURY.

3

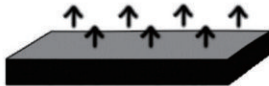

Find the edge of the plastic film wrapped around the mattress. Roll out the vacuum sealed mattress.

4

Carefully cut the vacuum bag with opener tool. The mattress will expand. Remove and dispose the bag.

5

Allow the mattress have 24 hours to fully expand and recover.

To get started you'll need this handy opener tool.
(Pls find it in box cover)

Careful the cutter is sharp!
Please keep away from children!
